## Minimum Advertised Price Policy (MAP)

Chestnut Bay Apparel takes great pride in offering exceptional products to both our dealers and our end-user consumers. We want our dealers to honor and follow a Minimum Advertised Price (MAP) policy. It is mutually beneficial to support the brand trademark, protect the dealer margins and prevent predatory pricing and brand erosion. MAP is the lowest price a retailer can advertise the Chestnut Bay products for sale. To clarify, this does not refer to the lowest price you can "sell" in your store - just the lowest price that you can show online or in a published advertisement. The Chestnut Bay MAP policy applies only the dealer's advertised price, not their in-store price. Advertising Chestnut Bay products online or in an advertisement below the suggest retail price constitutes a violation of our MAP policy.

## Dealer On-Line Sales Policy

We encourage our dealers to promote and sell Chestnut Bay on their website and social media platforms. Upon request, we will allow our dealers to republish our licensed photography for the express purpose of promotion and sales on their website and social media platforms. Our photography cannot be manipulated, duplicated, sold or otherwise traded without written consent of Chestnut Bay LLC and our licensees. Unauthorized use of photography is a direct violation of our policy and will result in termination of the relationship and possible legal consequences. Chestnut Bay LLC does not allow our Dealers to sell and distribute Apparel, Luggage, Footwear or any product with the Label "Chestnut Bay" on Amazon without the express written consent and legal authority of Chestnut Bay LLC. Unauthorized sales of Chestnut Bay products on Amazon is a direct violation of our policy and may result in termination of the relationship and possible legal consequences.
